

How to Download an e-book to a Nook or Sony e-Reader

Using Overdrive to Browse, Check-Out and Download.

1. From the Enfield Public Library website, <http://www.enfieldpubliclibrary.org> click on the download audio books, e-books and video link on the bottom right of the screen.
2. Log in first. Select library and enter your Enfield Public Library barcode when prompted.
3. Browse using the menu button. Once a category is selected, you can filter results on the left.
4. Select a title by clicking on it.
 - If the title says “borrow”, it is available to check out.
 - If the title says “place a hold”, it is currently checked out, but you can place a hold.
5. If you would like to borrow this title, click “borrow”. You can choose your checkout period in your settings. You may choose from a 7-day, 14-day, or 21-day checkout period. Please be aware that patrons are limited to 4 checkouts.
6. After selecting “borrow”, click “go to bookshelf”
7. To download to your reader, click on the blue “download” button and select your format. For a Nook, select EPUB or PDF. After checking your format, confirm and download.

Downloading your e-book titles

1. If this is your first time downloading an e-book, you will need to download the Adobe Digital Editions software onto your computer. Click “get software” on the Overdrive catalog front page or on the record of the item you just checked out.
2. You will be prompted to sign up for an Adobe ID. This will allow you to activate your computer to interact with the portable e-readers. Please note: it is also recommended that you use the SAME email address for Adobe as you did to register your Nook.
3. Click the link to install and follow the on-screen instructions.
4. Once ADE is installed, click on the download button for the item you’ve checked out. The item will open up in Adobe automatically.

Transferring to a Nook or Sony e-Reader

1. Once the title is downloaded into Adobe Digital Editions, it can be loaded onto a portable e-reader.
2. Plug in your Nook or e-reader to the computer. You will see it appear in the left side of your Adobe Digital Editions library.
3. Simply drag the newly downloaded title to your Nook or Sony e-Reader.
4. You will find the book in your Nook library, under “my files” in “digital editions”.

Returning e-books

1. E-books are returned automatically on their due dates.
2. You can return e-books before the due date by clicking on the small arrow on the book jacket in Adobe Digital Editions.
